

Pediatrics, obstetrics and gynecology

- L.D.Belotserkovtseva, L.V.Kovalenko, V.V.Pankratov, P.A.Pasternak, D.S.Bakuradze, T.G.Petrova, S.E.Ivanov* Modern techniques for reducing massive postpartum haemorrhage in placenta previa..... 45
- A.B.Ershevskaia* Psychosocial factors in the pathogenesis of obesity in children..... 51

Surgery

- M.D.Kashaeva, D.G.Kondrat'ev, B.M.Shakhbutova, D.A.Shvetsov* Kidney dysfunction in non-neoplastic cholestasis 54
- V.V.Masliakov, I.O.Prokhorenko, V.Iu.Leont'ev* Immediate postoperative period at various wounds of the large intestine..... 57
- A.V.Proshin, R.A.Sulimanov, I.P.Zavalii, A.V.Rebinok* Reparative regeneration of pyonecrotic wounds at combined local treatment by physical methods and biologically-active materials..... 61

Clinical immunology and infectious diseases

- O.V.Azovtseva, G.S.Arhipov, E.I.Arhipova, N.E.Stukolkina* Clinical and pathogenetic characteristics of development of lipodystrophy syndrome in HIV-infected patients..... 66
- L.A.Bolotskaia, A.A.Tarlin* Immunopathophysiological features of adaptive immunity in autoimmune disorders of the endocrine glands (autoimmune thyroiditis, type 1 diabetes)..... 70

Pharmacology, clinical pharmacology

- T.I.Okonenko, A.V.Ivanova, D.S.Bogdashov* Analysis of drug therapy in patients with angina complicated by chronic heart failure and hypertension from the standpoint of the pathogenesis of chronic heart failure..... 74

Stomatology

- E.S.Vinogradova, S.I.Vinogradov* Method of evaluating the efficiency of orthodontic treatment 78
- M.S.Kovaleva* Towards the problem of periodontal disease among the adult population of Veliky Novgorod and Novgorod region. The analysis for the period 2009-2016..... 82
- A.A.Kondrat'eva* Treatment of patients with fully edentulous jaws using Nobel dental implants following the Nobel-Guide surgical template..... 87
- T.A.Lopushanskaya, L.B.Petrosian* Clinical features typical for a group of patients with the temporomandibular joint dysfunction..... 90
- O.B.Spitsyna, V.N.Trezubov, V.V.Trezubov* Development of criteria and levels of assessment of quality of orthodontic treatment..... 96
- R.A.Fadeev, V.V.Timchenko* Determination of the optimal occlusal plane in patients with vertical dentoalveolar anomalies 98
- M.R.Fadeeva, P.V.Li, E.E.Rumiantsev, E.C.Savel'ev* The use of compact osteotomy in the complex rehabilitation of patients with dentoalveolar anomalies and deformations 105

Neuroscience, psychiatry and clinical psychology

- V.V.Dunaevskii, N.M.Kuznetsov* Differentiated treatment of anxiety disorders by attractants..... 112
- G.I.Chuvakov, O.A.Chuvakova, S.V.Lyubut'sina* Individual and age-related personality characteristics of medical personnel and adaptive behavioral strategies in the professional setting 115

Physiology

- R.Ia.Vlasenko, M.D.Kirtadze, A.V.Kotov* Dynamics of heart rate in people with different levels of physical activity in terms of cognitive dissonance..... 120
- R.Iu.Zalilov, N.A.Lebedeva* The adaptation of the Novgorod University foreign students to the educational process: personalization in education..... 125

Cell biology, cytology, and histology. Pathophysiology. Pathoanatomy

- A.V.Droblenkov, M.V.Monid, P.S.Bobkov, Z.P.Asculenko* The quantity and localization of androgen receptors as a marker of the morphofunctional state of neurons in the hypothalamic arcuate nucleus..... 128
- A.I.Korabelnikov, M.V.Konovalova, E.V.Titkova, A.V.Dergunov* Pathogenetic features of intraoperative lymphatic transfer of microflora in experimental tubo-ovarian formations..... 135
- S.A.Salekhov, M.P.Salekhova, N.N.Maksimuk* Pathogenetic features of anaerobic catabolism in obesity 137
